## CARLISLE'S SPEECH AGAINST SILVER

### WANTS WHOLE ISSUE OF LEGAL TENDERS RETIRED.

**Secretary of the Treasury Declares His Policy at a Banquet in New York—Both Parties Urged to Defeat Free Coinage—Appeal to Common Sense, He Said, Was Sufficient.**

New York, Nov. 20.—The 127th annual banquet of the chamber of commerce of New York was held at Delmonico's last evening. After the banquet President Orr, in a brief speech, in which he referred to the Armenian atrocities, introduced Secretary Carlisle, who spoke on "Our Currency System" in part as follows:

Mr. President and Gentlemen: Two years ago, at your annual banquet I said that the disposition and ability of the government to maintain its credit at the highest standard, and to preserve the integrity of all forms of currency in circulation among the people, could not be reasonably doubted and ought not to be the subject of further controversy. But the task is both difficult and expensive. Since that declaration was made here, interest-bearing bonds to the amount of $162,315,400 have been issued to procure gold for the redemption of United States notes. The notes still remain the same as at the beginning. The notes are redeemed, but they are unpaid. Our legal standard of value is as sound as that of any country in the world, and if we had such a currency system to guarantee its permanent maintenance, no government would command a larger credit or realize greater benefits from it than ours. But the great investors of the world appreciate the difficulties under which we are laboring, and until these difficulties are removed we cannot reasonably hope to see perfect confidence restored at home or abroad.

The fundamental vice in our currency system is the legal tender note redeemable in coin by the government and reissuable under the law. There are other defects, but this threatens the stability of the whole volume of our currency. So long as these notes are outstanding, the slightest diminution of the coin reserve at once creates a feeling of apprehension and distrust, affects the value of all securities, curtails investments and more or less seriously embarrasses all the business affairs of the people. In attempting to provide a circulating medium consisting of its own notes, redeemable in coin on presentation, and reissuable after redemption, the government of the United States is engaged in a business for which it is wholly unfitted, and which was never for a moment contemplated by its founders. It has a right to borrow money and issue evidences of debt, but it was never contemplated that it should convert itself into a bank of issue and furnish a legal tender paper currency for the use of the people.

The treasury department ought to be, and was intended to be, simply a public agency for the management of the fiscal affairs of the government—as a government, not as a bank. No change made in our currency system will afford relief unless it provides for the retirement of the legal tenders. Although the government and our own people are compelled to receive them, they will not discharge international obligations, and gold must go out to settle all final balances against us. No other government in the world is required to supply gold from its treasury to discharge the private obligations of its citizens.

The theories that the government can create money by placing its stamp upon paper or other material; that a legislative enactment can make 50 cents equal in value to 100 cents; that artificially inflated prices, paid in a depreciated currency, are better for the people than natural prices, paid in a sound currency, and various other vagaries now floating, like bubbles, in the political atmosphere, are all directly attributable to the long-continued use of legal tender paper. The agitation for the free coinage of legal silver tender is predicated upon the same vicious principle that underlies the legislation making paper promises a legal tender; but there is a practical difference between the two systems. The United States note was a forced loan from the people to the government, which the government promised to repay in dollars,but the free coinage of legal tender silver at the ratio of 16 to 1 would be a forced loan from the people to the owners of silver mines and silver bullion without a promise of repayment by anybody. If the friends of a sound and stable measure of value are vigilant and active this effort cannot possibly succeed, and the question will soon recede from public view. But the United States legal tender notes will remain to complicate the currency system and embarrass the government. No nation can reasonably hope to control the trade of any considerable part of the world unless its exchanges are based upon a standard of value recognized as sound in all the centers of commerce.

The pound sterling has made London not only the principal market, but the clearing-house of the world. England not only realizes great profit from her own trade, but takes toll out of the international trade of all other countries.

Let us have no more ambiguous phrases; no more inconstant and irreconciliable clauses in party platforms or in public utterances, but let us make our meaning so clear and our purpose so plain that they can be neither misunderstood nor successfully misrepresented. If a majority of the people of the United States are in favor of the maintenance of the present standard of value they ought to have an opportunity to say so.

On the other hand, if the majority of our people are in favor of abandoning the present standard of value and establishing silver monometallism they should have an opportunity to say so. When this issue is directly presented we need not fear the result. Such an appeal to the common sense, the commercial integrity, and the national pride of our people will not be in vain; and when the contest is over the question will be settled, finally and conclusively settled, in accordance with the general judgment of the most advanced nations and the real interests of our country.

Senator Julius C. Burrows of Michigan spoke to the toast "Our Domestic Commerce." Charles Emory Smith of Philadelphia, ex-minister to Russia, was the third speaker, his toast being "National Development and Opportunity." Letters of regret were read from President Cleveland and Governor Morton.

### AN ALABAMA FEUD.

**Three Persons Lose Their Lives in a "Little Unpleasantness."**

Birmingham, Ala., Nov. 20.—Four young farmers, named Frank and Joseph Kilgore, John Handley and John Jones, engaged in a bloody battle near Oakman, Walker county, yesterday afternoon. The men were neighbors and cousins. Last September Jones claimed to have caught Frank Kilgore in his watermelon patch. Kilgore denied the charge and gave Jones the lie. An interfamily feud sprang up as the result, Handley taking sides with Frank Kilgore, and Joseph Kilgore espousing Jones' cause.

Handley and Frank Kilgore went to Oakman yesterday to have some corn ground. Joseph Kilgore and Jones followed. Upon returning home in the afternoon Jones and Joseph Kilgore went ahead and waylaid Handley and Frank Kilgore as they came on in a wagon.

Jones suggested a settlement of matters if Frank Kilgore would consent to a public flogging. Hot words followed and Jones and Joseph Kilgore finally opened fire with pistols. The occupants of the wagon responded with a rifle and a shot gun, and after the weapons were emptied Joseph Kilgore and Jones lay dead on the field and Handley was fatally wounded. The survivor surrendered himself. The battle has stirred up friends of both sides, and further trouble is feared.

### IS WELL ATTENDED.

**Many Delegates Present at Northwestern Immigration Convention.**

St. Paul, Minn., Nov. 20.—The hall of the house of representatives was filled with delegates from eight states and the Canadian northwest when the northwestern immigration convention was called to order yesterday. Delegates were present from Wisconsin, Minnesota, Manitoba, North and South Dakota, Montana, Idaho, Wyoming, Oregon and Washington. Addresses of welcome were made by Governor Clough and by Mayor Smith, and the object of the convention was stated by President Footner of the St. Paul Commercial club. After effecting temporary organization, a recess was taken till afternoon, when J. J. Hill, president of the Great Northern railway, spoke on "The Northwest—Past, Present and Future." A number of other speakers were heard during the day.

**Depositions in the Hearne Case.**

Hanibal, Mo., Nov. 20.—The defense in the celebrated murder case entitled the State of Missouri vs. Fannie C. Hearne and Dr. J. C. Hearne, charged with the murder of Amos J. Stillwell, the wealthy pork packer and the first husband of Mrs. Hearne, began taking depositions yesterday. The witnesses were those who testified before the grand jury and the evidence was taken simply to ascertain what they will testify at the trial, which will take place at Bowling Green, Pike county, next month. The action of the defense in taking the depositions of the state's witnesses is said to be without precedent in criminal practice.

**Rumor of the Sultan's Death.**

Berlin, Nov. 20.—A dispatch received from Sofia, Bulgaria, says that the sultan of Turkey, Abdul Hamid, has been poisoned. No details are given.

There is no confirmation of the rumor that the sultan has been poisoned. It is highly improbable that it can be true and be known only at Sofia and not at any of the capitals of Europe. Rumors of this character affecting the sultan have been so frequent that in Europe that little attention is paid to them, and this one is almost certainly false.

**Pledged to San Francisco.**

Columbus, Ohio, Nov. 20.—The statement that J. S. Clarkson had written to a friend in Pittsburg telling him to rent rooms for the national republican convention, there being no reservation in the letter, has not been confirmed. It is now given out "confidentially" that twenty-one members of the national committee have pledged themselves to San Francisco, and that the railroads had agreed to make a $25 round-trip rate. If this be true, San Francisco has only five more members to get to secure the convention.

## TRAIN IS WRECKED ON A DOWN GRADE

### EXPRESS DERAILED ON THE NEW YORK CENTRAL.

**Two Men Killed and Four Badly Injured—Mob Surrounds the Jail at Rome, N. Y., Where the Wreckers Are Confined—No Cause for the Deed.**

Syracuse, N. Y., Nov. 20.—A deliberate attempt was successfully made a few miles west of Rome, early yesterday, to wreck train No. 6 on the New York Central railroad, the engine and all of the cars on the train being ditched and completely wrecked. Two men were killed and four injured. The dead:

BOND, WILLIAM, a tramp, stealing a ride; belonged in Syracuse.

HAGER, NATE, engineer, of Albany, N. Y.

The injured:

Macey, John, a tramp, belongs in Syracuse; left foot cut off.

M'Carthy, M. J., mail clerk.

Porter, ——, mail clerk.

Wagner, Chris, fireman, of Albany, N. Y.

This is the second attempt within three weeks to wreck this train near the same spot, which is an ideal one for the commission of such a crime. It is on a heavy down grade and trains usually run down it at the rate of sixty-five miles an hour. This train, not stopping at Rome, generally goes down the grade at a great rate of speed, and it is believed that it must have been running close to seventy-five miles an hour in order to make up a few minutes lost time. There is not a house within a half a mile of the place. The wreckers broke into the section tool house and stole some tools with which they removed the fishplates which fasten the rails to the ties and pulled out the spikes.

The train left this city at 8:30 o'clock. It consisted of four mail cars and three sleepers. There were eleven postal clerks and fourteen passengers aboard, besides the train crew. When the crash came the engine was thrown from the track into the ditch and completely submerged in the mud, only the driving wheels on the left side being above the earth. The forward mailcar was thrown two car lengths ahead of the engine, and rolled down the bank so that it lay lengthwise toward the rails. The second car, in which the mail clerks were working, was thrown onto the tender of the engine and demolished. The third and fourth cars were also wrecked, the ends of both being broken. The first sleeper was thrown from the rails, rolling completely over, so that the trucks were a long distance from the rails. The second car was simply turned on its side, while the rear sleeper did not leave the tracks at all.

### LYNCH LAW THREATENED.

**Boys Who Wrecked the Train Are in Danger from a Mob.**

Albany, Nov. 20.—John Hildreth and Frederick Bristol two boys, have been arrested by the Central Hudson detectives at Rome charged with wrecking train No. 6 yesterday. After the arrest young Hildreth broke down and confessed that he and Bristol, in company with two other boys named Herbert Plato and Theodore Hibbard, had broken open the toolhouse and, with the aid of tools thus secured, had removed the fishplates from the rails. No cause is given for the deed.

The city hall, in which the police station is located, was surrounded by a large crowd last night, who expressed freely the opinion that the train wreckers should be lynched. The night and day police force were kept on duty to prevent trouble. Several witnesses have been taken into custody for examination, including a young lady, with whom Hibbard kept company, and to whom he told the story of how he and his chums had wrecked the train.

**Lynching in Kansas Probable.**

Emporia, Kan., Nov. 20.—David Henderson, the colored school teacher who did such ghastly work with a hatchet Monday night at Dunlap, was captured yesterday morning and is now in jail. He claims the deed was done in self-defense, as he was surrounded by a crowd clamoring for his life, and that he had to cut his way out. None of his victims have yet died. Thomas Starkey and Mrs. Ray, however, are lying at the point of death. There are predictions of a lynching should either of the injured die.

**Cuban Insurgents Lose a Battle.**

Havana, Nov. 20.—Col. Seubia has defeated the insurgent forces commanded by Gomez at Monte Oscar, acording to an official dispatch. The Spaniards captured all the insurgent positions. Gomez tried to turn the right flank of the Spanish columns, but after an hour's fighting was compelled to retreat with heavy losses. A column of troops started in pursuit of him in the direction of Buena Vista and Pinciro.

**American Sculler Wins First Heat.**

Galveston, Tex., Nov. 20.—The first heat of five to be rowed during the present week on Dickinson river between the professional oarsmen, Bubear and Hanlan, for the championship of England and a $1,000 purse, the winner of three heats to be the victor, was won yesterday by Hanlan by a boat length.

## A BIG FIRE IS FED BY INCENDIARIES

### CONFLAGRATION RAGES AT PURCELL, I. T.

**Thirty-Two Buildings Burn, with a Loss of $150,000—Firebugs Are Threatened with Lynching—Big Conflagration at Lowell, Mass.—Other Fires in Various Places.**

Purcell, I. T., Nov. 20.—Thirty-two buildings burned at a loss of $150,000, the arrest of two well known merchants for arson and for a time an almost certain lynching is the story Purcell, a little town on the Santa Fe road, tells.

Fire broke out in the Star store, in the middle of the principal business block on the north side of Main street, at 4:30 o'clock yesterday morning. The flames spread with frightful rapidity, soon sweeping the entire side of the street, made up of frame buildings, and the Chickasaw National bank building on the north side of the block. The high wind increased to almost a tornado, driving the flames across the street, and in a few minutes all the frame buildings on the south side were burning. Every building on the block is more or less injured. Some of the stocks are seriously damaged. The east side of Canadian avenue was swept for one and a half blocks.

The fire is supposed to be of incendiary origin, and A. Frough of the Star store, dry goods and clothing, is now lodged in jail, charged with arson. Persons testify to having seen him leave his building just as the flames burst out.

P. Gluckman, manager of the Chicasaw Mercantile company, is also in jail on the same charge. Witnesses claim to have seen him during the progress of the fire enter his store, which was thought at the time to be out of danger, and pour coal oil around.

The feeling was very strong against both men and for a time lynching seemed certain, but it now seems that the danger of that has passed, though a force of deputy marshals is guarding the jail.

### HEAVY LOSS AT LOWELL, MASS.

**Five-Story Building Destroyed—Damage Will Exceed $350,000.**

Lowell, Mass., Nov. 20.—The large five-story building on Middle street, known as the Parker block, was almost destroyed by fire yesterday. Fire started in the liquor store of J. N. Beavy, on the first floor, about 1:45. It spread rapidly and was aided by repeated explosions of whisky in barrels, which created havoc with the windows in adjoining buildings.

At 2:15 a. m. the engines in the city were at work and at that time it looked as if the fire was under control, but suddenly it blazed up furiously and threatened to eat its way through to Merimac street. By hard work the flames were confined to the building, and nearby property was only slightly damaged. The upper floors of the block were used by the Appleton Manufacturing company for the storage of cotton goods, and it is estimated that there were $900,000 worth there when the fire broke out. At 2:30 the fire was under control. From present estimates the loss will exceed $350,000.

**Big Blaze at Dallas, Texas.**

Dallas, Tex., Nov. 20.—Last night the four-story, 50x200 feet, stone and brick building bounded by Camp and Griffin streets and Patterson and Ross avenues, was burned. In less than fifteen minutes every square inch of the immense structure was in flames, and from $150,000 to $200,000 worth of property destroyed.

**Forest Fires in West Virginia.**

Parkersburg, W. Va., Nov. 20.—A great forest fire is raging on the Little Kanawha above here. Large tracts of woods and barns and fencing have been burned. The Nicolette mills are threatened.

**Large Oatmeal Mill Burned.**

Lincoln, Neb., Nov. 20.—Fire yesterday destroyed the oatmeal mill at Seward, the largest of its kind in the state. The loss is $25,000, without a cent of insurance.

**Kansas Miners Win a Strike.**

Leavenworth, Kan., Nov. 20.—After holding out for just a month the owners of the Home Riverside coal mines acceded to the demands of the men yesterday, and agreed to pay 80 cents a ton mine run. Some minor points about a check weighman will be arranged tomorrow, when 200 men will return to work. When the strike started the men were getting only 70 cents a ton and there were 600 men in the mines.

**New York Strike Still On.**

New York, Nov. 20.—The strike of the Housesmiths and Bridgemen's union continues and work is at a standstill on most of the new buildings under way in the city. Last night the Iron league issued a statement declaring that while the strike is ostensibly for higher wages, it is really to force the members to employ only union men.

**Smallpox in Ohio.**

Columbus, O., Nov. 20.—Ten new cases of smallpox were reported to the state board of health yesterday from Martin's Ferry.

### PILLAGED OUR MISSIONS.

**Turks Become Infuriated by the Armenians' Successful Resistance.**

Constantinople, Nov. 19, Via Sofia, Bulgaria, Nov. 20.—In response to the telegrams sent to Karpoot by United States Minister Terrell, inquiring into the burning and pillaging of the American missions there, the Porte has furnished some information to Mr. Terrell and additional facts have been obtained from other sources by the United States minister. When it first became apparent that a disturbance was imminent, the American missionaries at Karpoot applied for protection to Mr. Terrell. The latter called personally at the Porte and sent several notes on the subject to the minister of foreign affairs, insisting that the Turkish officials should protect the American missionaries, and notifying the Sultan and his ministers they would be held responsible for the safety of the missionaries. The Armenians repulsed the first attack of the Kurds, and the latter were so infuriated at the check they had received that they proceeded to the quarter of Karpoot where the American mission is located and, quickly overcoming any opposition of the gendarmes, if there were any present (a point which has not been definitely ascertained), they ransacked the houses, including eight of the American mission buildings, and exploded a shell in the house of one of the missionaries. The American missionaries, however, escaped uninjured and placed themselves under the immediate protection of the Turkish governor, who still has them safe under his care. A dispatch to the London Standard from Constantinople says the losses to the American missions at Karpoot will reach £10,000.

### CALLS IT A TRAP.

**Lawyer Shoemaker Makes a Statement in His Own Defense.**

Philadelphia, Pa., Nov. 20.—The sensational developments in the Holmes case, which culminated in the great criminal's chief counsel, Lawyer William A. Shoemaker, becoming a prisoner on the charge of subornation of perjury, was the chief topic of conversation in legal circles yesterday. As yet the judges have taken no further steps in the case of the accused lawyer beyond holding him in bail.

Mr. Shoemaker has so far recovered his composure as to deny most emphatically the testimony of Detective Schweckler. He declares he was the victim of a trap set by Schweckler, who, he claims, approached him and said he had discovered evidence in the shape of a statement by Mrs. Blanche Hannigan, in which she heard Pietzel speak about committing suicide. Shoemaker says Schweckler said he found the woman in Woodbury, N. J., and that she was willing to make affidavit to what she knew.

Shoemaker then, on the strength of the woman's statements, prepared the affidavit and told the detective to bring her to his office. When she appeared he had no reason to believe she was other than Mrs. Hannigan. He said he intended to question her, but she said she was in a hurry. Eventually she signed the affidavit and was paid $20.

### DENOUNCE SUPREME COURT.

**Strong Resolutions Passed by the Knights of Labor.**

Washington, Nov. 20.—The general asembly of the Knights of Labor yesterday took cognizance of the opinion rendered Monday by Justice Brewer of the United States supreme court, affirming the decision of Judge Ross sentencing Clune and three other California railroad strikers to eighteen months in prison for obstructing the mails. Master Workman Sovereign presented the following resolution, which was adopted by unanimous vote:

Whereas, The supreme court of the United States has affirmed the decision of Judge Ross, which decision raised a misdemeanor to a felony, and sent four local officers of the American Railway union at Los Angeles, Cal., to prison for eighteen months; and

Whereas, The decision of the United States supreme court places all labor organizations in the role of criminal conspirators; and

Whereas, Said decision affirms that a greater penalty can be imposed for a conspiracy to commit a crime than is imposed for the commission of the crime itself;

Resolved, That this general assembly of the Knights of Labor earnestly protests against such travesty on justice and outrage on the liberties of the people, and condemns said court for its partial ruling in the interest of the plutocratic classes, and its abridgement of the constitutional rights of the laboring people.

**Bar Iron Prices Will Go Up.**

Chicago, Nov. 20.—The Merchants' Bar Iron association met here yesterday, after an adjournment of six weeks. A prospective advance in the price of bar iron was fully discussed, but no definite announcement will be made until after to-day's meeting. It was recently decided to advance the price, and it is thought the objection to the step in certain quarters has been overcome.

**Indiana Politicians Meet.**

Indianapolis, Ind., Nov. 20.—Prominent republicans, representing every section of the state, are here to attend the conference today. E. H. Nebeker has announced himself as a candidate for the chairmanship of the state central committee, and the issues may be now said to be fairly joined between him and Chairman Gowdy.

## ASHLAND SETTLERS LOSE THEIR HOMES

### SUPREME COURT DECISION INFLICTS HARDSHIPS.

**One Hundred and Seventy People Will Have To Give Their Farms Back to the Government—Wisconsin Central Wins—The State Millers' Combine Badly Hurt.**

Ashland, Wis., Nov. 20.—One hundred and twenty settlers south of Ashland are, by a decision received from the general land office yesterday, made homeless. Their claims, 20,000 acres of land with every quarter section containing a house and barn, will be taken away from them by the government and given to the Wisconsin Central company.

This decision is carrying out the ruling of the supreme court in the Knight-Osborne case. Under this ruling certain lands through this region which were supposed to belong to the government and which have been opened for settlement and entry by the government and taken up by scores of settlers are held by the supreme court to rightfully belong to the Wisconsin Central company. Now the government is obliged to cancel all the entries on these lands in order to give the railroad company titles.

**Millers' Combine Badly Hurt.**

Milwaukee, Wis., Nov. 20.—As a result of the sudden decision and action of the Duluth Roller Mills company of Milwaukee, Faist, Kraus & Co., proprietors, the national combine of spring wheat millers has received a blow from which it cannot, in all probability, recover. The firm named has withdrawn entirely from the combine, and will from now on quote its own prices and transact all its flour business, regardless of the combination or association. This move will undoubtedly result in the early dissolution of the combine.

**Powers Not Entirely Agreed.**

London, Nov. 20.—A dispatch to the Daily News from Rome says Austria proposes that the combined fleets of Russia and Austria should force the Dardanelles and that their joint armies should occupy Constantinople if necessary. To these propositions Russia declined to agree. The Odessa correspondent of the News says it is reported in official circles that, in view of the possible disruption of Turkey, Russia and Great Britain are negotiating an agreement which will give the czar a free hand for the occupation or annexation of Anatolia, while England will have the right to establish a permanent protectorate in Egypt.

**Spring Valley Decision Reversed.**

Princeton, Ill., Nov. 20.—Judge Stipp of the circuit court yesterday set aside the verdict of the jury as to the five defendants in the Spring Valley race-war cases, as follows: John Quinby, John Laurer, Joe Lemor, Jean Brault and Paul Yerly. Each had been given a penitentiary verdict. In taking this action Judge Stipp gave as his reason that the five men had, in his opinion, established alibis. A motion was also entered for an arrest of judgment as to the remaining eight defendants, arguments upon which will be heard today.

**Nebraska Farmers Hold Their Grain.**

Omaha, Neb., Nov. 20.—Grain elevator men complain litle grain is moving from Nebraska farmers. On branch lines, where elevators are usually busy at this season of the year, many are now closed. The low prices of wheat and corn and the extensive preparations for feeding at important shipping points in the state during the winter months have brought about this unusual condition. Cattle and sheep are being driven in from Texas and Colorado in large numbers, and the stock shippers say more stock will be fed in Nebraska this winter than ever before.

**Nebraska Irrigation Law Valid.**

Lincoln, Neb., Nov. 20.—The supreme court yesterday declared the district irrigation law passed by the last legislature, constitutional and operative. The validity of voting bonds to aid in the construction of ditches was questioned in Keith county and the case was brought to the supreme court on appeal. This, with two previous decisions by the court, settles nearly conclusively the legality of irrigation projects in Nebraska.

**Senator Pugh Withdraws.**

Birmingham, Ala., Nov. 20.—Senator James L. Pugh has positively announced at Demopolis, Ala., that he is not a candidate for re-election to the United States senate next fall. Governor Oates has positively announced that he is a candidate to succeed Senator Pugh. Congressman R. H. Clark is a candidate for the same position. At present the chances would seem to be in favor of Governor Oates.

**Delegates to Trans-Mississippi Congress.**

Denver, Col., Nov. 20.—Governor McIntyre has named the following delegates to the trans-Mississippi congress, Alva Adams, T. M. Bowen, Irving Stanton, Pueblo; C. H. Thurlow, Colorado Springs; A. R. Kennedy, Cripple Creek, J. W. McCreery, Greeley; D. John Grant, Trinidad; Walter Sullivan, Grand Junction; Platt Rogers, F. C. Gougy, Denver; senators and representatives in congress ex-officio.

# PRINT A FINE PAPER THANKSGIVING DAY

## GAZETTE'S SPECIAL ISSUE TO BE A NOTABLE ONE.

**Ella Wheeler Wilcox, Mary Kyle Dallas, Junius Henri Browne, Lieutenant Tregg, Elizabeth Akers Allen and Others To Contribute, while Illustrations Are All from Ink Drawings**

The Gazette's special Thanksgiving day edition will be issued a week from today, and will be the handsomest paper ever sent out of a local office. It will consist of sixteen pages, and neither pains nor expense is being spared to make it complete in every way. The illustrations will all be of unusually high character. Two artistic cartoons suitable to the day will be features, while the literary matter is exceptionally fine. Some of the world's noted writers will contribute to the paper, among them being Ella Wheeler Wilcox, Mary Kyle Dallas, Junius Henri Browne, Elizabeth Akers Allen and others.

Mrs. Wilcox' contribution is a Thanksgiving poem written in her usual happy style.

"Uncle Sam" contributes his portrait, together with a poem in which he returns thanks in behalf of the country at large.

Elizabeth Akers Allen, the famous author of "Rock Me to Sleep, Mother," contributes a poem which is set in double column measure and illustrated effectively.

For fiction we have a tale of unusual interest entitled "A Soldier's Thanksgiving" by Lieutenant Trigg, being the adventures of five fugitive prisoners of war whose Thanksgiving dinner consisted of a roasted crow, three sweet potatoes and a cake made of meal and water. The story is fully illustrated.

Mary Kyle Dallas' contribution is a charming illustrated story called "In Black and White," while Junius Henri Browne writes of the history of Thanksgiving day, his article also being copiously illustrated.

The Gazette's semi-centennial, which passed some days ago, will also be dwelt upon to some extent, and that article will be of historical interest.

These are a part of the feature mapped out. Abundant harvests and returning prosperity give ample cause for thanksgiving, and the national feastday that has been appointed for Thursday, November 28, 1895, will probably be more generally and generously observed than any of its predecessors have been. Popular interest in the day, The Gazette thinks, will justify taking extraordinary pains with the Thanksgiving edition. It will be widely circulated and attractively gotten up. Ads in it will pay, and merchants who desire space should make their contracts early, as the work must be gotten out of the way as rapidly as possible.

## Y. M. C. A. NEEDS FURNISHINGS

**Ladies Auxiliary Will Be Glad To Receive Any Gifts.**

The Ladies Auxiliary of the Y. M. C. A. are making arrangements to furnish the new building and desire all who can give articles for that purpose to send them to the building at once, or notify W. S. Jeffris, at the Merchants' and Mechanics' Savings Bank or Secretary Kline, who will call and receive them.

The rooms to be furnished are seven sleeping rooms, two parlors, reception and reading rooms, committee rooms and auditorium. The building will be ready at any time and the ladies desire to begin the work at once and should know within a week what their gifts will be. The following articles will be very acceptable:

Mirrors, tables, stands, two toilet sets, rockers, rugs, settees, couches, pictures, library and parlor chairs, blankets and comforters.

## EARTHQUAKE RAISED THE WATER

**Lang's Creek, Near Orfordville, Is Now Flowing Again.**

Lang's Creek, two miles west of Orfordville, which has been dry for some months past, was started to flowing again by the recent earthquake. The day after the quake the farmers noticed that the water was beginning to come back, and a resident of that section who was in town today said the water was now six inches deep, and still rising.

## JOHN F. ENNIS ARRESTED AGAIN.

**The Former Orfordville Man Is In Trouble At Superior.**

John F. Ennis, the former resident of Orfordville, who was recently arrested at Superior on an indictment returned to the circuit court some time ago, for the alleged sale of liquor without a license, is again in trouble. Ennis is the proprietor of a saloon at Superior and recently had a row with Chief of Police Lutton at that city, which resulted in Ennis being thrown out of a police station and Chief Lutton's arrest for assault and battery. After his arrest on the indictment he gave bonds for his appearance before Judge Bennett and retureed to Superior. Dispatches from that city tell the story like this:

"Last Saturday all the gambling dens were ordered to close and all did but one run by John Ennis, ov 51 Tower avenue. Today Chief of Police Lutton caused warrants to be issued for the arrests of all inmates and authorizing the seizure of all implements.

"The police made a raid in earnest for the first time in three years and caught a game at its height. The keepers John Ennis, Fred Wall and C. H. Mosher were taken quickly before the municipal judge, who was waiting for them, and they gave bail to appear Thursday. The six men, Ed McMullan, H. D. Ricker, George McKenzie and H. Linker were taken to jail, but shortly released on their own recognizances. A faro bank, roulette wheel and poker tables were torn up and thrown into the patrol wagon and carted to the city hall, where they will be burned, if the gamblers are convicted.

Thor and Edward Ekstromen, the two good-looking youths who claimed Janesville as their home, pleaded guilty to forgery in Judge Hutchinson's court at Chicago yesterday and were sent to the Illinois State Reformatory. They broke down and wept as sentence was imposed upon them.

The boys forged the name of John G. Shortal, president of the Illinois Humane Society to a check for $20. It is also said that they forged the names of other well known citizens to other checks for smaller sums, but there was no prosecution in these cases.

District Attorney Jackson is in Beloit, conducting the examination of some Line City men who are charged with gambling.

## MR. KIMBALL WAS MISQUOTED.

**Dispatches from Madison Concerning the Apportionment Incorrect.**

The following communication concerning the reapportionment of Rock county, was published in today's Milwaukee Sentinel:

Portage, Wis., Nov. 19—Referring to the item sent to The Sentinel by your Madison reporter concerning Rock county, I desire to state that it was Mr. Hansen, member of the assembly from the Beloit district, who expressed satisfaction with the apportionment of Rock county although at first he had not taken that view of it. Mr. Kimball simply stated that the people of Rock would acquiesce in what might seem to be the best after full consideration.

A. J. TURNER.

# BUILD NEW BRIDGES OVER TWO STREETS

## C. & N. W. CO. PLANNING IMPROVEMENTS.

**Viaducts on North Bluff and North Main Streets Are of Wood and in Danger of Fire, so They Will Be Replaced with Iron—Railroad Business Is Fairly Good.**

Two new iron bridges will be built by the Chicago and Northwestern company, over North Main and North Bluff streets, the work to be commenced at once. For some time past the company have been figuring on replacing the present wooden structures with iron, mainly for the reason that the wooden ones were liable at any time to catch on fire. This morning five hundred tons of stone from Fort Howard were being unloaded at the rail road yards and Foremen John W. Welch and his men will commence the mason work this week. The plan made includes the raising of the abutments on all sides five feet, the present masonry to remain the same. The iron work which is now being finished in Chicago, is expected to arrive in the city some time this week and the work will then be pushed to completion.

**Business Is Fairly Good.**

Business with the railroad is much heavier this month than it was a year ago at this time, and present indications are that the rush will last for some time to come. In November, '94, the St. Paul company was laying a number of their extra men off, and working the force but eight hours a day at the shop in this city. Now ten hours is the regular day's work. Many extra men have been put at work within the past few weeks.

The C. & N. W. road is also enjoying a larger trade than in some time past, and both roads are making preparations to do a big business this winter. When the railroad business picks up, it is pretty good evidence that trade in general is increasing.

ELLA WHEELER WILCOX, Mary Kyle Dallas, Junius Henri Browne, Lieutenant Tregg, Elizabeth Akers Allen and "Uncle Sam" are the principal contributors to the Thanksgiving day issue of The Gazette. The edition will not only be of a high literary character but it will be the most artistically gotten up number ever issued from a Janesville newspaper office. The special illustrations, like the special articles, are all high class. Ads. in it will pay.

## ANOTHER ART EXHIBITION.

**Local League Will Show Paintings and Sculpture Early Next Month.**

Preparations are now being made by the Janesville Art League for another art exhibition to be given about December 5. The exhibition will be similar to the one given at the Windsor hotel some time ago, and will be held in the League's new rooms. American sculpture as well as painting will be introduced, the greater part of the exhibit coming from the World's Fair City.

The last exhibition was a successful one from every point of the view and the league should be further encouraged as these exhibitions are interesting and instructive. The addition of sculpture to the exhibition is a feature to be commended and will interest many people who might not enthuse over the paintings.

## CITY FREE FROM DIPHTHERIA.

**For the First Time In Many Weeks the Scourge Is Absent.**

For the first time in many weeks Health Officer Gibson can now announce that the city is entirely free from diphtheria and all other contagious diseases. The last quarantine to be raised was removed this morning from the River street home of William Minnick where the patient has recovered.

Outing Flannel Night Robes...

The solid comfort kind—well-made, material firm, good patterns. Just such a gown as a careful seamstress would make. Our first lot of these lasted less than a week. There are many makes of Outing Flannel Night Gowns in the market but none better than these, many much inferior. Price in easy reach—$1.

Mackintoshes

O, how women do hate the unreliable sort. Think of getting a dress ruined because of a faulty rain coat. Garments such as we sell are the safe kind to buy. Assortments of worthy mackintoshes such as this store shows are not often seen.

$2.50 for a trustworthy garment, long cape, pretty mixed cloth. Show all styles, plain and fancy cloths, pretty plaid linings, one, two and three capes, single and double textures. Large price range; $3.00, $3.50, $4.00, $4.50, $6.00, $6.50, $7.50, $8.00, $8.50, $10.00, $12.00, $14.00, $16.00, $20.00 and $22.00.

Shawls.

Nothing can take their place in a woman's wardrobe. Nothing quite so handy to slip on if one wishes to run over to see a neighbor. If going on a long ride, what is there that will cling to one, keep every spot warm, protect you from the cold like a good shawl?

Just now our stock is very complete. Have them for every shawl desire. Good, heavy, warm shawls at $2.50, $3.00, $4.00, $5.00, $6.00, $8.00, $10.00, $12.00, &c $4.00 for splendid, reversible, plaid shawls, camel's hair finish. $5.00 for solid blacks: heavy soft wool, hairy surface; chinchilla finish; heavy diagonal styles.
Scottish Ostrich Down Wraps; reversible, dark and light gray, plain one side, plaid the other.
Yorkshire Rugs—A veritable blanket such as an Indian would cast green eyes at; one side plain, some dark, some light. Opposite side, large bright plaid pattern, very artistic, $10.00.
Rich Himalayas.
Heavy Beavers.
England and Scotland were the homes of many of our best Shawl offerings. Nothing slighted in the make.

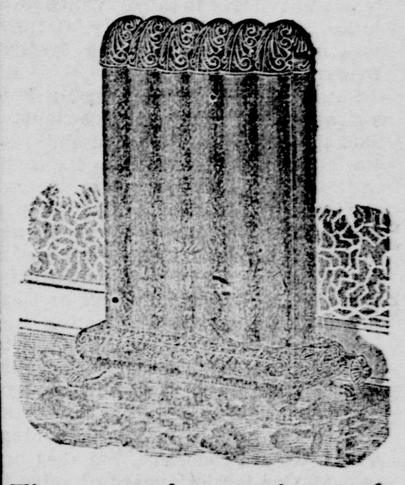

Mittens.

Here you have the pick of thirty kinds of mittens. Comfort giving, every one of them.

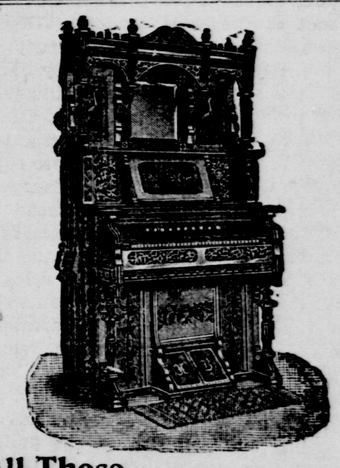

Lined Leather Mittens—A triumph of mitten making for women and children, and large ones for men. Wonderful values indeed at 50c. ### PORTER CREAMERY IS CLOSED.

**Company Cannot Run the Factory Another Year—Other News.**

Porter, Nov. 2—The Edgerton Creamery Company took their machines out of the Eagle creamery on Monday as they cannot run the factory another year. Mr. and Mrs. M. Walsh of Janesville were pleasant visitors at James Churchill's recently. Mr. and Mrs. James Brady are rejoicing over the arrival of their third daughter. Died at her home here on Friday, Nov. 15, Mrs. Markey, at an advanced age. The deceased was a good christian woman who had many friends. The funeral which was large was held on Sunday afternoon, being held in St. Michael's church, conducted by the Rev. Father Harlin, and the remains were buried in the Prairie cemetery, beside those of her husband. Mr. James Loughren is reported seriously ill of typhoid fever. Miss Nora Lay is slowly recovering frem her serious illness. Everyone is cordially invited to attend the Porter Club's masked ball, in Fulton. on Friday evening, November 22. Tickets 50 cents. Basket supper.

**Emerald Grove News Notes.**

Emerald Grove, Nov. 20—J. A. Mc Arthur has moved to his farm one mile west on the Janesville road. N. T. Slawson and wife visited relatives in this vicinity last week. W. D. McGregor has sold his farm to a Mr. Coulter in Janesville for $80 per acre. A heavy fall of soft snow on Monday makes nature look wintry. The third number in the Y. P. S. C. E. entertainment course will occur on next Tuesday evening, Nov. 26, and will be given by the Chicago Rivals, composed of Miss Wilson, soprano; Mrs Millner, reader; Miss Davis, violinist; Miss Dingley, harpist. This is the company which was in the Clinton course last year, of which they speak very highly. The Slayton Jubilee colored singers will conclude the course on December 21. Single admission to these is fifty cents. Tickets for the two entertainments seventy cents. Ask for a sample of 35 cent tea from Gillies & Jones.

**A Chance to Make Money.**

There is not the slightest reason why you should not feel well and strong. That great offer of Dr. Greene's is proving the best friend that weak and delicate people ever had. A letter sent to him at his office, 35 West 14th St, New York City, telling the symptoms you are suffering from, will be immediately answered by the doctor, describing your case minutely, and making you understand perfectly just what ails you. And all this costs you nothing. You don't have to leave your home and you don't have to pay any doctor's fee to learn exactly what your complaint is, and how to get well and strong, from Dr. Greene, the greatest living specialist in curing nervous and chronic diseases. The Doctor makes a specialty of curing patients through his great system of letter correspondence, and is having wonderful success. Thousands of weak delicate men and women write to him about their complaints, and are being permanently cured. It was he who discovered that world-renowned curative, Dr. Greene's Nervura blood and nerve remedy. Write the doctor at once and see what he says about your complaint. It will probably be the means of getting you back your health.

**With the Regularity of Shuttle.**

and nearly as swift the trains of the Lake Shore & Michigan Southern Ry. make their trips between Chicago and New York, weaving closer and closer day by day the many mutual interests of these great commercial centers of the United States. Departing from the VanBuren street station, located in the heart of the business district of Chicago and arriving in New York at the Grand Central station, 42nd street the popularity of this line in point of time and convenience is readily understood. It seems almost superfluous to add that for this service the equipment embodies all that is new and modern in the art of car building, apparently nothing that would give one a feeling of safety, comfort and luxury, has been overlooked. The schedule provides morning, afternoon and evening trains. Latest time table with any information desired will be promptly furnished on application. J. R. Hurley, T. P. **What a Man Got On a Bargain Counte**

What good is a suit of clothes to any man if the price is real cheap and the coat is size 38, the vest 36 and the pants 48 waist unless he has brothers to give the odd pieces too? He has paid a good price for the one garment that fits him. It pays to buy a suit that goes together if it does cost a trifle more. Frank H. Baack.

**Importance of Healthy Blood.**

Every drop of blood that circulates through the veins eventually becomes a solid particle of the body. Flesh, bone and muscle are merely solidified blood, and upon the quality of the blood depends the condition of the whole physical system. Unless the liquid material by which the human substance is renewed and sustained is pure and nutritious, it is impossible that the body can be healthy and strong. One of the most important properties of Hostetter's Stomach Bitters is that of improving the condition of the vital fluid, when infected or impoverished. Acting directly and powerfully on the stomach, in which the manufacture of the blood is commenced, and upon the liver which secretes a fluid next in importance to the stream of life itself, this powerful vegetable tonic and dupudent has an immense indirect influence influence upon the circulation. Hence the extraordinary cures wrought by the Bitters in cases of general debility, malarious fevers, rheumatism, biliousness, constipation, &c.

### HAVE A LIGHT LOGGING SEASON

**Not Many Logs to Be Put In This Season—Logging Railroads.**

A gentleman who has just returned from a trip to the northern part of the state said today that along the Gogebic range snow had fallen to a considerable depth and that in some places sleighs were being used. In the vicinity of Ashland, however, there was no snow. In speaking, of the logging operations up north he stated that they would be exceedingly light this winter. This was owing to a considerable degree to the large amount of logging that is usually done by the the railroads during the summer months which penetrate heavily wooded districts, and whereby the lumber can be handled much more advantageously.

### THANKSGIVING PROCLAMATION

**Governor Upham Officially Designates the Day.**

The following Thanksgiving Day proclamation has been issued by Governor Upham:

"Following the honored custom which the fathers of this country established, and in conformance with the proclamation of the president of the United States, I, William H. Upham, governor of the state of Wisconsin, do hereby set apart Thursday, the 28th day of November 1895, as a day of public thanksgiving.

"During the year now drawing to a close our state has been blessed with a high degree of prosperity, and with a marked freedom from calamities. It is fitting, therefore, that a day be set apart, in which all may join, either in their homes or in public places of worship, to render thanks and humble acknowledgement to the kind Providence who has vouchsafed to us these blessings."

Wife—No; it's the big butcher south of us.

Husband—I shall insist on having the matter arbitrated!—Chicago Tribune.

**She Did Not Want a Freak.**

"Have you ever loved another, George?"

"No, Maud; no. I swear by all—"

"Never mind that. If you say it I believe it, but I cannot be yours. A man who has lived as long as you have without ever loving must be innately a woman-hater, and I shall never marry a woman-hater. **'Tis Sometimes Better To Wait.**

"He" says, "Don't wait for the wagon." I admire the verse much;
Bill Baxter knows what he's about; with the world he's been in touch.
And I guess if he would tell it, he's had a little trial
Or he couldn't so well describe it, without "waitin' h mself" awh

Now, there are many "poor souls" awaitin'—(not because they want to wait)—
They're tryin' every way they can, "workin' early" "workin' late."
"Despair" seems to take possession, and they drop down sick at heart;
And they're awaitin' hopin' "prayin'" for just one "chance" to get a start.

There are many in this world who ride—(when they're born the wagon's waitin)—
With "horses plenty" robes of "fur" and "courage" hever obtain.
But there's many poor and bleeding feet, and white and weary "faces"
That would not, if they could, with these "ridin'" ones change places.

To be sure—the "waitin' ones" may sometimes "clog the rider's way"
But things are bound to change and they'll be "walkin'—themselves" some day.
There are many today a "ridin'" who can't pay—only in their mind
They ought to be a "crawling" or perhaps "hanging on behiud."

For many a one that's "waitin'" have been "cheated out of their pay"
They are "forced to wait" by the wayside while the "robbers" ride all day.
There are not many "honest toilers" who "wait" for the sake of a "ride"
It's generally the "lazy ones," the "dudes" with nothing left but "pride."

I say to these poor, "discouraged" ones wait for the wagon.
It is bound to come along "some day" with a frisky pair of nags on.
Let the "smart ones" ride right by just "lift your old hat" and "smile"
The "hearse" will "catch" them first and you can afford to "wait" awhile.

**Fatalities at a New York Fire.**

New York, Nov. 20.—Fire broke out yesterday in the basement of the six-story factory building at 98 Clinton street, in which about 200 persons were employed, most of them in tailoring sweatshops. One man, thus far unidentified, perished by suffocation; two jumped from the burning structure, one receiving injuries which will result fatally, and a woman was run down by a fire chief's wagon going to the fire and so hurt that she also may die.

**Cholera at St. Petersburg.**

## EMINENT TESTIMONY

**Regarding the New Discovery for Chronic Dyspepsia and Indigestion.**

Dr. Hartzman, who has made many tests of the new dyspepsia cure, is very enthusiastic in his praise of this excellent preparation. It is not a secret patent medicine, but is composed of pure pepsin, bismuth, fruit salts and vegetable essences, made into pleasant tasting tablets or lozenges and sold by druggists at 50 Cents per package, under the name of Stuart's Dyspepsia Tablets.

Dr. Hartzman states that Stuart's Dyspepsia Tablets cure dyspepsia and weak stomachs, because they possess the peculiar power of digesting whatever wholesome food is taken into the stomach. They do not act on the bowels like cathartics, but act entirely on the food, digesting it thoroughly and quickly, giving the stomach a chance to rest and recover its natural strength, which it invariably will do after a course of Stuart's Dyspepsia Tablets. If your druggist hasn't them in stock ask him to order a small quantity from his wholesaler.

## GETTING THERE.

We have the largest stock of Woolens in Rock County—we have too many and fulls realizing the fact that but six weeks remain before the season closes—we propose to reduce our stock of Woolens if real low prices will do it. We have enjoyed an exceeding good trade since the first of August "Thanks" and have kept our tailors all busy and all of the time (in the shop not in the store) We are anxious to RUSH 'EM for the next six weeks, so we will make prices on Suits, Overcoats and Pants that will made them sell. First-class Suits, guaranteed all wool and reliable colors, $20 and upwards. Overcoats in Melton, Beaver, Shetlan or Chinchilla. $25 and up. These goods are worth more but we have too many and prefer to cheapen now than later. You know us for veracity.

KNEFF & ALLEN

# IT WORRIES SOME PEOPLE!

The storekeepers of Clothing are very much displeased with us because we insist on low prices. They say: Why don't you stop selling those All-Wool Men's Suits for $5 and $6.75? You know well enough there's no profit in such business. Now you're selling Overcoats at the same price.

To be frank with you, we are desirous of pleasing the numbers that crowd our store--that come with a purpose to save money, We've pleased them to such an extent that they not only come and come again but send everybody within their reach.

Today you'll find our store filled with your neighbors and with others who don't live within ten miles of you. They're all, like yourselves, investing their money where it fetches the best clothes. Now come along and choose your Winter Clothes. You'll be more interested in what your wages bring.

## All-Wool Suits Will Go for $5.00.

## Good, All-Wool Overcoats--Yes, $5.00. Great Storm Coats, $5.00.

There will be a crowd of Overcoats find new owners here today sure. Another crowd will secure $5 and $6.75 Men's Suits. Here, you're certain again of all wool. Always making, always selling--these $5 and $6.75 Men's Suits have no equal for value. Guaranteed just as fully as if we were getting $10 and $12 for them, like anybody else.

Boys' Clothes share same low prices, Big boy, $5; small boy, $2.50 up. We're artists in clothing boys.

# SKY BLUE FLAMES FILL A BREWERY

## CROSSED ELECTRIC WIRES CAUSE A SCARE.

**The Man Who Tried To Cut the Metal Strand with a Hatchet Got a Severe Shock—Telephone Was Burned Out—Many Wires Were Disabled by the Storm.**

A streak of blue fire shot into Boub's brewery yesterday, and several men shot out. In an instant the air was full of blaze and brimstone and the battery box of the brewery telephone began to burn. One of the employes seized a hatchet and rushed out to cut the line where it entered the building. He swung the implement over his head and brought it down full force on the wire, but quick as flash he began to dance at a lively rate. The current ran through the hatchet and as the man was standing in the damp snow, he made an excellent conductor. When the wire parted the circuit was broken and the wielder of the hatchet jumped painfully back into the office. In the mean time the other employe had put out the fire with a pail of water and a message was sent up to the central telephone office.

**Guy Wire Had Dropped.**

When the telephone linemen arrived, they saw that the weight of snow had caused a guy wire to sag down on the street car wire, thus causing the trouble. It was soon fixed and the 'phone put in working order, but the employes had a good scare just the same.

Manager Willits, of the telephone company, says that the storm was the hardest one on wires that has been experienced in years. The snow was damp, heavy, and clinging, and caused many lines to sag and break. The Stoughton and Edgerton line suffered severely, but was repaired yesterday. Today the linemen were out looking up the Emerald Grove line, which had also been seriously damaged. The wires between Chicago and Janesville have been useless since Monday, but are now being repaired. Considerable damage was also done about the city, but it has all been repaired today. The railroad companies also had trouble with their lines, as the snow was worse than any sleet storm in years.

## ACCEPT THE "HEADLIGHT" OFFER

**Janesville Will Be Advertised In the C. & N. W. Publication.**

The special committee of the common council to whom was referred the proposition made by C. S. Nichols in behalf of "Headlight" the magazine that desires to get out an edition booming Janesville, held a meeting this morning, and by unanimous vote decided to accept the proposition and told Mr. Nichols to go ahead.

Any manufacturer who will furnish Mr. Nichols with a suitable cut of his establishment, can have it inserted in the book free of charge. The city can have the pictures for many public buildings. ect., and as they see fit. Mr. Nichols makes his profit on the sale of the magazine after it is issued.

## CARPENTER PUTS UP A FENCE

**The Coal Dealer Will Protect His Goods Hereafter**

A new and eight foot fence now surrounds the wood and coal yurd of J. W. Carpenter. Mr. Carpenter says that for some time past he has been getting rid of an extra large amount of wood and coal, but has not only failed to receive a cent for it, but has never even had the pleasure of seeing the people who burned it. Last winver thieves even drove in the yard one night he says, and helped themselves to wood.

## TWO C. & N. W. TRAINS WERE LATE

**Break Downs and the Storm Were the Causes Thereof.**

The Evansville freight pulled into the Northwestern yards last evening nearly three hours late; the delay being caused by a broken rod on the engine, the accident occuring near Evansville. The St. Paul passenger was thirty five minutes late last evening, the causes being the storm and the movements of freights.

## MAYFLOWER SANK AT THE DOCK

**Big Steamer Lies on Her Beam Ends In Ten Feet of Water.**

The steamer Mayflower sank at her dock, near the Fourth avenue bridge, and now lies "on her beam ends" in ten feet of water. The boat is valued at about $3,000 and is owned by Captain Richard Griffiths. She can probably be raised without difficulty.

"HISTORY of the Greeks, In Its Intellectual, Moral and Religious Aspects," was the subject under discussion at the meeting of the University Association held at the new high school building last evening. Papers were presented as follows: Louise Carpenter, "Greek Literature;" T. W. Goldin on "Home Life and Social Customs;" Frank E. Cuddeback on "Laws Virtues Most Esteemed, Crimes and Modes of Punishment;" while Rev. Victor E. Southworth discussed "The Religion of the Greeks."

# TOBACCO MEN MEET AND THEN ADJOURN

## GNOWERS' ASSOCIATION DID NO BUSINESS TODAY.

**Both Factions Were in Attendance, But Attorney Smith's Demand "That the Vote Be By Stock" Would Result in All Motions Being Dropped—Adjourned a Week.**

For all that they had a meeting of their own a week ago and elected a full set of officers, the Fisher faction stockholders rallied to the meeting today. It looked as if they had a majority in the meeting, too, but B. D. Wixom shouted confidently to Ezra Goodrich, who was seated across the room:

"We top 'em by fifty votes. Don't you worry a bit."

Nobody had a chance to test the strength of the two factions. Whenever a motion was made Atttorney C. E. Pierce demanded that the vote be by stock. His demand was never seconded and things went on swimmingly.

It was reported that $13,512.65 had been received for burned tobacco during the year. Total receipts have been $14,738.60; total disbursements $14,425.22.

Further than this nothing was done, for the committee on credentials demanded another week to prepare their stock list and an adjournment was ordered.

## SAOS THERE IS A COMBIMATION

**A Correpondent Claims That Business in Janesville is Injured**

EDITOR GAZETTE—It is quite remarkable that our patient but long suffering merchants do not make a vigorous protest against the loss of trade that is diverted from our city to neighboring towns through a combination of local buyers of grain and sellers of coal. We were shown a letter by a farmer received from a coal dealer in a neighboring village proving conclusively that he had recently purchosed his winter coal for six dollars a ton. We also saw a party leaving our city with teams for Milton where he had purchased his coal at $5.50 per ton. Farmers will make their purchases where they can buy to best advantage and will market their grain where they can obtain the best prices. It is a well known fact that the grain buyers at Milton pay three or more cents a bushel for barley more than Janesville buyers. Now with a better selling and better purchasing market it is not surprising that much of the trade that should come here is divided to neighboring markets.

## HOLIDAY MAILING NOTICE GIVEN

**The Postal Authorities Issue a Circular Concerning the Popular Methods**

In a circular issued by the first assistant postmaster general, mention is made of the approaching holiday season and the number of extra packages that are sent to the dead letter office because of the insufficiency of the post age or because they are not admissible to the mails. The public is cautioned in the circular to inquire at the post-office if in any doubt.

The circular further states that sealed packages require letter rates, and that packages unsealed, with writings on the inside in the nature of correspondence, also require the same rates. Under the postal rules certain articles of merchandise, sealed or unsealed, to foreign countries are sent to the dead letter office unless fully prepaid at the foreign letter rate, and many articles of merchandise are absolutely prohibited transmission in the mails. The department, therefore, cautions the people to inquire before mailing.

## GRAY LOST ALL FOUR FINGERS

**John Gray of Batavia, Ill., Hurt at the Janesville Machine Co's. Plant.**

John Gray, of Batavia, Ill., had the ends of all his fingers on the left hand cut off by a joiner at the Janesville Machine Company's plant at 2:30 this afternoon. Gray was running a stick through the machine to satisfy his curiosity as to how it worked, when the knives—that make 5000 revolutions a minute—caught his hand. Drops of blood on the snow covered sidewalk showed the course he took to Dr. Sutherland's office, where he was given an anesthetic and the mangled fingers were amputated by Dr. Sutherland and Dr. C. L. Clark. Gray came here last Friday to assist in putting up a windmill at the Machine Company works.

GETTING OVER A COUGH

is easy enough with the help of Hale's Cough Cordial. It's a regular [illegible] we might try. You get over the cough easily and quickly. In fact, all our drugs are step ladders to help one over every kind of earthly ailment, But coughs are what we particularly want to speak of today, for there is a long, hard winter before us, and the person who starts it off with a cough may never see the end of it. Therefore if a cough is what you have take Hale's Cough Cordial. Prentice & Evenson warrant it to cure.

yeast importer. In 1893 he served as sheriff with Sir Joseph Renals, and with his colleague received the honor of knighthood when the Duke and Duchess of York were married. He is a Conservative, a prominent Mason and a leading spirit in numerous enterprises of moment.

### Moloney, the Trust Smasher.

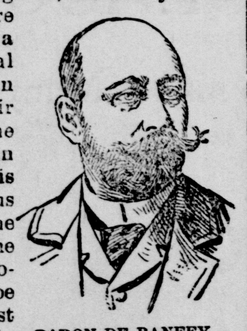

M. H. Moloney, the attorney general of the state of Illinois, is a big man and the enemy of big trusts. He is 6 feet 2 inches tall, weighs 200 pounds and is happiest when he is on the trail of some illegal corporation. His greatest victory was the dissolution of the Whisky trust, and he is still fighting two gigantic corporations—the Pullman Palace Car company and the Spring Valley Coal company. He was born in Ireland 46 years ago, and when he came to America, 18 years ago, studied for the priesthood, but afterward entered the law.

M. H. MOLONEY.

### The Hungarian Millennium.

Ten centuries ago Hungary became an independent kingdom, and next year the Hungarians are going to hold a great national exposition in honor of their millennium. The leading spirit in the enterprise is Baron Desiderius de Banffy, prime minister of the state. The exposition will be held at Budapest and will last six months. Five hundred and ten thousand square meters of land will be devoted to the great show, and the numerous buildings will be unusually attractive.

BARON DE BANFFY.

### Indispensable.

"It's all very well, Soper, for you to talk about the advantages of marriage, but my idea is that no one should have more of a family than is absolutely necessary."

"What do you call absolutely necessary?"

"Having a father and mother."—Bay City Chat.

### Beginning Right.

Hopeless Lover—That's your final answer, is it, Marie?

Unresponsive Maiden—It is, Harold. I cannot be your wife.

"Then there is nothing left for me but death!"

### A Trustful Man.

Coin—Is it true that your cashier has eloped with your daughter and a large sum of money?

Bullion—It's quite true; but he's an honest fellow, and means to repay me. He has already returned my daughter.—Philadelphia American.

### Had to Give Up.

"I see three of the old board of education have had to give up. I didn't know the work was so exacting."

"It isn't; but they were all on the cooking-school committee, and they've had to go abroad to have their digestion renewed."—Harper's Bazar.

## WOMAN'S SUFFERING.

### RELIEVED BY MAIL. HOW IT IS DONE.

### How a Woman Works for Her Sex.

[SPECIAL TO OUR LADY READERS.]

Seated at her desk in the bureau of correspondence, this wonderful woman opens her letters from all parts of the world. A few extracts from their contents tell the story.—

FROM IOWA. "I am in a very bad condition. My courses have stopped from catching cold, and the pain is fearful. I am all bloated up; and the pain in lower part of my body is terrible. My back and head ache all the time. What shall I do for it?" MISS L——, Des Moines.

FROM NEW JERSEY. Mrs. Lizzie DeCline, 224 Grand Street, Jersey City, relates her miseries resulting from womb trouble, from which she was relieved and cured by the timely use of Lydia E. Pinkham's Vegetable Compound. She ends her letter by saying, "I owe all to you."

FROM OHIO. Mrs. Newton Cobb, of Manchester, O., writes: "I used eight bottles of your Vegetable Compound, and I am happy to say it has cured me of painful menstruations and backache. My suffering every month was dreadful. The doctors gave me morphine to ease the pain; nothing to cure me. Oh, I want to tell every one what cured me! I wish every suffering woman would write and get your advice."

FROM ILLINOIS. Miss Jennie ——, Chicago, states that she is twenty-two years of age; occupation, saleswoman in large dry goods store. Constant standing has brought on womb trouble, the symptoms of which she describes fully. She says: "Help me if you can. There are several girls I know who have written to Mrs. Pinkham, and been cured by her advice and medicine."

FROM PENN'S'LV'N'A. Miss Mary Smylie, who resides at 2078 E. Susquehanna Avenue, Kensington, Phila., writes: "I am a working-girl, and must stand eleven hours every day. I have suffered terribly from painful menstruations and kidney trouble. At times my head was so dizzy I could hardly see. A friend recommended your Vegetable Compound. I am a different girl now: no more aches and pains. Oh, thank you, thank you!"

The above extracts from many hundred letters received daily by Mrs. Pinkham, at Lynn, Mass., go to show how easily ailing women can obtain advice and relief. Write to Mrs. Pinkham.

*Lydia E. Pinkham's* Vegetable Compound, the most successful female medicine known to the world, can be obtained of any druggist in the land.

# Two New York Cloak houses

with Chicago offices where they displayed their entire sample lines being through with their season and not wanting to pay express charges on the garments to New York, offered them to us at a liberal discount and always on the lookout for snaps, we were right there and made the deal with both for the entire llnes. These garments were made up to show to the best merchants in the west, and were made particularly well, not one but what is right in every way. They were never handled on the road, but have only been shown in Chicago and are therefore in better shape than would be the case with those made up now in the mid-season rush. They are in stock today and comprise many exclusive styles not seen heretofore in ladies' and misses' jackets, in boucles, cheviots, kerseys; also plush and cloth capes and fur garments.

Don't buy a cloak of any kind until you look here where we positively guarantee to **save you one-third.**
